

User Reference Document – Search Programs without a Login

The CAMS application is designed so that customers may explore the details of DHCD programs without the benefit of a Login ID and password. However, in order to apply for funding available through DHCD programs, a CAMS organization profile must be requested and approved. Once approved, Login IDs and passwords will be issued to the Profile Manager and the Organization Head. Additional Login IDs can then be created for organization staff. See the User Reference Guide titled “Register for an organization profile.”

The same program details are available from a search menu after login as well.

Upon selecting the CAMS url, the Login page shown below will display.
Select the ***Search Program*** menu at the top left corner of the page.
